The service is currently used by all major Canadian financial institutions, with payment values exceeding \$200 billion in 2015.

The service can be used to process more than 60 federal and provincial tax filings and payments.

Benefits:

- Give business clients of any size a faster and simpler way to make their tax payments
- Save business clients time and cost on tax related transactions through one-stop tax filing and payment
- Provide business clients with a faster and simpler way to receive their tax payments, and accelerates refunds to businesses
- Reduce costs by eliminating data entry errors that often occur with manual, over-the-counter re-keying
- Enhance business client cash flow management through an immediate payment application with no postal delays or visits to a bank branch
- Only solution that can be integrated into the financial institution website for single sign-on and user authentication. May also be deployed as a standalone offering accessed by a unique bank branded URL
